

## PERINATAL RISK ASSESSMENT (PRA) 17P REFERRAL UNINSURED TIP SHEET

FORMS & FUNCTIONS	
<b>PRA FORM</b>	Completed at first prenatal visit and submitted to Family Health Initiatives via PRA SPECT <a href="http://www.praspect.org">www.praspect.org</a> within 5 business days
<b>17P PRESCRIPTION FORM</b>	Initiated at first prenatal visit if preterm birth history ( $\leq 37$ weeks or 3 weeks prior to due date) <b>AND</b> patient $\leq 24$ weeks gestation
<b>17P PATIENT LIST</b>	Displays patients eligible for 17P therapy on <a href="http://www.praspect.org">www.praspect.org</a>

- The goal of a healthy pregnancy is to deliver a baby at 40 weeks gestation. The purpose of 17P therapy is to safeguard women from delivering  $\leq 37$  weeks gestation
- 17P therapy is only effective if initiated when patient is  $\leq 24$  weeks gestation
- The PRA is filled out upon a woman's entry into prenatal care. If Para P (preterm birth) is  $\geq 1$  AND patient is  $\leq 24$  weeks gestation, OB staff follow below steps:

Entry Into Prenatal Care	Physical Assessment	Perinatal History
Date of <sup>*</sup> first visit <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> <small>M M                      D D                      Y Y</small>	Blood Pressure <input type="text"/> <input type="text"/> <input type="text"/> / <input type="text"/> <input type="text"/> <input type="text"/>	Gravida <sup>*</sup> <input type="text"/> <input type="text"/> Para <sup>*</sup> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <small>T    P    SAB    EAB    L</small>
Date of 1st visit under MCO <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> <small>M M                      D D                      Y Y</small>	Pre Pregnancy Weight (lbs)      Current Weight (lbs) <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/> <input type="text"/>	Date of most recent live birth <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> <small>M M                      D D                      Y Y</small>
LMP <sup>*</sup> <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> <small>M M                      D D                      Y Y</small>	Height (Ft-Inches) <input type="text"/> - <input type="text"/> <input type="text"/>	Weeks Gestation of Preterm loss(es): <i>select any that apply</i> <input type="radio"/> $<21$ wks <input type="radio"/> $21-34$ wks <input type="radio"/> $>34$ wks
EDC <sup>*</sup> <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> - <input type="text"/> <input type="text"/> <small>M M                      D D                      Y Y</small>		Specify # of Weeks Gestation of most advanced loss: <input type="text"/> <input type="text"/>

1. Obtain 17P prescription
2. Fill out 17P Prescription form
3. Fax prescription and 17P Prescription form to Makena Care Connection 800-847-3413
4. Enter 17P outcome on PRA|SPECT

### To access 17P Prescription form:

Login [www.praspect.org](http://www.praspect.org) > Click About 17P > Click link under Uninsured or Medicaid PE Eligibility Criteria OR visit [www.makenahcp.com](http://www.makenahcp.com) > Click Rx Form

### To complete PRA|SPECT referral record:

Click 17P > Click Eligible Non-Medicaid Patients > Click Show All or first letter of patient's last name > Click Ref Form > Record moves to Patients in Need of Outcome list

### To enter 17P outcome:

Login [www.praspect.org](http://www.praspect.org) > Click 17P > Click Patients in Need of Outcome > Click Show All or first letter of patient's last name > Select outcome > Click Save

**Makena Care Connection may provide a free course of therapy for uninsured patients**
