

PERINATAL RISK ASSESSMENT (PRA) MEDICAID REIMBURSEMENT TIP SHEET

What is New Jersey law NJ P.L.2019, c.88?

On May 8, 2020, New Jersey enforced [new data reporting requirements as a condition of Medicaid payment for prenatal care](#) to address increasing rates of maternal and infant mortality. Under the law, OB providers are required to submit a PRA [First Visit form](#) and [Third Trimester update](#) for all uninsured and government-sponsored insured (i.e. Charity Care, Medicaid, Managed Care or NJ FamilyCare, Medicare) patients. Reimbursement hinges upon First Visit form and and Third Trimester update completion.

Why must I enter patient’s Medicaid ID or Card Control Number (CCN)?

[Medicaid](#) matches forms by patient’s [12-digit Medicaid ID or 16-digit CCN](#), and is unable to authorize payment without a match.

| | | | |
|----------------|----------------------|-----------------------------|----------------------|
| Date Completed | <input type="text"/> | Medicaid ID OR CCN Number * | <input type="text"/> |
| Insurance ID | <input type="text"/> | Ins Effective Date | <input type="text"/> |

The Medicaid ID is 12 digits long. The CCN is 16 digits and begins with '777'.
