MIHOPE Study Clients

MIHOPE Study Description

MIHOPE (Mother and Infant Home Visiting Program Evaluation) is a large-scale random assignment evaluation of home visiting (HV) programs funded by MIECHV. Some measurements include the effect of early childhood HV programs on child and parent outcomes, how effects vary for different programs and populations, and the cost of operating the programs.

*Not all HV programs in NJ are a part of the MIHOPE Study.

MIHOPE Study Questions in SPECT

If asked, did client consent to MIHOPE study?*	<input type="radio"/> Yes <input type="radio"/> No <input type="radio"/> N/A
Is Client MIHOPE Participant?*	<input type="radio"/> No, Not part of MIHOPE <input type="radio"/> Yes, Randomized into Program Group <input type="radio"/> Yes, Randomized into Comparison Group (close as MIHOPE)
MIHOPE Confirmation*	<input type="text"/>

- **If asked, did client consent to MIHOPE study?**
 - Clients ineligible for MIHOPE: Use “N/A”
 - Client not asked: Use “N/A”
- **Is Client MIHOPE Participant?**
 - Clients ineligible for MIHOPE: Use “No, Not part of MIHOPE”
 - Yes, Randomized into Program Group
 - Client is managed according to SPECT requirements
 - Yes, Randomized into Comparison Group
 - Client is ineligible for CHV or CHW services
 - Change “client status” to “Closed” > “MIHOPE”
- **MIHOPE Confirmation**
 - 8-digit client case number provided by MIHOPE

MIHOPE Study Clients

“MIHOPE Patients List”

- Viewable by all HUB Administrators, Supervisors, and Staff of programs participating in MIHOPE
- Confirm client status in MIHOPE study
 - HUB Administrators avoid assigning an enrolled client to another program if additional referral is received
 - Clients randomized to control group:
 - Document contacts & referrals made, including resources provided
 - Change Client status to “Closed”
 - Use Close option “MIHOPE” under “Return to HUB” options (regardless of whether HUB or Program is responsible for providing resources to client)

Managing MIHOPE Patients

Hub Administrators

- View clients enrolled in comparison group (randomized into group not receiving program services)
 - Click on “HUB” > “Patients” > “MIHOPE Patients”
 - Sort any column by clicking on blue column heading
 - Click on client’s name to open Patient Profile
- Record contacts, appointments, and referrals
- Only Hub Administrators, Program Supervisors and Program Administrators can change status

The screenshot displays the PRA|SPECT web application interface. The header includes the logo 'PRA|SPECT' and the text 'Perinatal Risk Assessment Single Point of Entry and Client Tracking System'. A navigation menu on the left contains options: Home, User Administration, Hub: Training (expanded), Referrals, Patients (expanded), MIHOPE Patients (highlighted), Reports, and Logoff. The main content area is titled 'Hub: Training MIHOPE Comparison Group' and contains a table with the following data:

Referral Date	Patient Name	Patient DOB	Program	MIHOPE Confirmation
NFP Training MIHOPE Comparison Group				
02/09/14	McTest, Tester	08/15/67		aaaTEST
09/05/13	Crabtree, Cora	04/01/85		256652412
